

ROYAL GREENLAND DEVELOPS TWO NEW PRAWN PRODUCTS

Great products using large, tasty prawns and Royal Greenland know how.

Marinated Prawns – frozen - retail

The Marinated Prawns range takes the finest raw materials and mixes them with exciting, delicious flavours. Large King Prawns are glazed with a marinade and then IQF (individually quick frozen) frozen. There are three different marinades to choose from, all containing ingredients and spices from around the world – Bombay Curry, Asian Garlic & Herbs and Thai Lemon. Specifically designed for the retail market, Royal Greenland Marinated Prawns are simple to cook straight from frozen in a frying pan or wok for 4-5 minutes. As the prawns have been IQF frozen, they are easy to use as a component with vegetables, pasta or rice.

Thai Prawns with Pepper Mix in Oil - chilled – food service

Large, crispy, beautifully coloured King Prawns in oil are easy to use both cold in a salad or side dish, or slightly heated and served on a piece of toasted bread as a starter or aperitif. The oil comes in three flavours: pesto, garlic and a pepper mix. The large prawns are easy to portion control and the oil can also be used as a dressing in salads or for cooking.
