COLD-WATER PRAWN,LUX,COOKED&PEELED,MSC

XXL, 100 - 150 PCS/LBS, SINGLE FROZEN, 5 X 2 KG INCL.

GLAZE, FROZEN

Cold-water prawns are a delicacy, with their pink colour and firm, juicy texture. From their origin in the ice-cold and clear waters of the North Atlantic and Arctic Oceans, the cold-water prawns grow slowly until reaching full size at 6 years. Due to the slow growth flavours and texture are given time to fully develop. The prawns are high in protein and low in fat, making them a healthy choice.

The single frozen cold-water prawns are caught inshore close to our processing facilities, where they are peeled and cooked in a continuous process to preserve the delicate taste and texture. They are individually quick-frozen to make portioning easy directly from the freezer. Gentle thawing in the refrigerator preserves the natural flavours best.

INGREDIENTS

Prawns (**crustaceans**), salt. Water (protective glaze)

SERVING

The cold-water prawns are uniform in size with a consistent quality. Their fresh taste is ideally complimented by mild, fatty or acidic flavours. The prawns lend themselves well to cold dishes including salads, sandwiches and appetizers or as toppings.
