Crayfish have a beautiful red colour with a firm texture and a mild shellfish flavour. They are caught in China at carefully selected areas when they reach 1-2 years of age. They are high in protein, low in fat and a good, natural source of calcium.

Crayfish tails in brine are easy-to-use and ready-to-eat. They must be stored in the refrigerator.

INGREDIENTS

Crayfish tails (**crustaceans**), water, salt, acidity regulators (E330, E262), preservatives (E211, E202), flavourings (eg. dill flavouring).

SERVING

The crayfish are uniform in size, with a consistent quality. Their fresh taste is complimented by mild, fatty or acidic flavours such as lemon and sour cream. The crayfish are well suited for use in cold dishes including salads, sandwiches, and appetizers or as a topping.

COOKING INSTRUCTIONS

Ready to eat after draining

CATCHING GEAR

Traps

CATCHING AREA

Asia - Inland waters (FAO 04)

Species	Procambarus clarkii
Item number	119517000
Net weight	1500 g
Drained net weight	900 g
Shelflife (days)	50
Storage	Chilled

NUTRITIONAL VALUES PER 100G

Energy	319 kJ / 75 kcal
