Salmon has a bright, pink colour and soft meat with an intense and rich flavour. With 3 g of Omega-3 fatty acids per 100 g, salmon offers a high content and is also a good source of vitamin D. Royal Greenland's GOURMETTRIM® is made from carefully selected salmon of superior quality, that are each trimmed expertly, removing the brown muscle and white tendon completely.

Royal Greenland's GOURMETSLICED® is cut vertically in 7mm thick slices that give a delicate and intense flavor experience in every bite and even small portions of salmon will look great on the plate. The product is ready to serve.
