Lumpfish roe gives an intense burst of pleasant, fresh and sea salt flavours from the northern seas in the mouth. The small pearls burst open with a crisp pop and release the intense umami flavour. Lumpfish roe is naturally high in the healthy Omega-3 fatty acids, iodine and potassium.

Natural roe from the lumpfish has a beautiful play of pink and orange colours in the small, almost transparent pearls. The natural roe is caught, cleaned, frozen and packed within 24 hours for optimal freshness. No color added. Only 1% salt. Frozen lumpfish directly from Greenland.
