### ON PACK DESCRIPTION

Royal Greenland champions the finest seafood from the deep, clear and cold waters of The North Atlantic. Established in Greenland in 1774, by appointment to the Royal Danish Court, we work collaboratively with local fishermen and local authorities to care for the seafood from catch to finished product.

The local fleets of fishing vessels land their fresh catch to the Royal Greenland plant, where the prawns are cooked in lightly salted water, gently peeled, quick frozen and finally packed for distribution throughout the world. This careful handling ensures that the prawns retain their sweet taste, firm texture and decorative pink colour.

Enjoy in salads or sandwiches!
