ON PACK DESCRIPTION

The Disko Bay, right by the UNESCO world heritage protected icefjord and the town Ilulissat in Greenland, is home to prawns of a very fine quality. The prawns in and around the Disko Bay grow extremely slowly in the ice-cold water. For this reason they are 6-7 years of age before they are fully grown. The slow growth results in a pleasant firm consistency and remarkably sweet flavour.

INGREDIENTS

Prawns (**crustaceans**) (*Pandalus borealis*), water, salt, acidity regulators (E330, E262), preservatives (E211, E202), stabilisers (E415, E410).
