

Greenlandic Lumpfish roe, red

Lumpfish roe has a delicate, slightly salty flavour, which makes it a good alternative to Caviar from sturgeon. Lumpfish roe from Greenland is particularly delicious because the fish lives in the clear, icy Arctic oceans. The product is easy to serve and can be used straight from the jar.

The products shown is Royal Greenland standard variants. Our flexible production site in Cuxhaven can also pack and color to customers request.

Ingredients:

Lumpfish roe (84%), water, salt, stabilisers (E422, E415), acidity regulator (E330), colour (E120), Carthamus extract, preservative (E211).
